**Wonderful Outdoor Wonders**  
**Thursday, February 13, 2020**

8:45 - 9:30 Registration and Refreshments

9:30 - 9:45 Welcome and Announcements

9:45 - 10:45 **“Attracting Wildlife to the Garden” presented by Beth Bolles**

Backyards are becoming the spaces necessary for our many wildlife species to find food, water, and shelter. Learn how to create a plantscape that will offer year ‘round interest for you and the many wildlife species that will benefit from your well-planned design.

10:45- 11:00 Break, refreshments

11:00 - 12:00 Breakout Session I

A. **“Gardening for Birds” presented by Carole Tebay**

Do you enjoy attracting birds to your garden? You can go beyond birdseed and turn your garden into a year ‘round bird feeder. Learn which trees and plants are most valuable to birds and the gardening practices that will benefit them and save you time and energy.

B. **“Let’s Shoot the Birds and Bees....Photographing Your Garden” presented by James Stegall**

Have you ever wanted to take great pictures of your flowers, birds, insects and other things in your garden? Then let’s discuss how to get the best pictures with minimum effort and very little equipment to get great photographs that you will be proud of.

12:00 Lunch **Raffle Basket drawing at 12:30. Lunch catered by Sonny’s Barbeque.**

1:00 – 2:00 Breakout Session II

A. **“Easy-to-Grow Florida Wildflowers” presented by Suzanne Spencer**

Native Florida wildflowers can be easily grown in your home gardens and landscapes. They support butterflies, bees, and other pollinators; as well as providing such ecological benefits as improving soil health, preventing erosion, and improving water quality. You will receive a copy of the *Florida Wildflower Foundation* publication, **20 Easy-to-Grow Wildflowers**, your guide to choosing and establishing plants that will benefit wildlife and beauty in your yard.

B. **“Native Azaleas” presented by Dara Dobson**

We have multiple species of native azaleas in Florida, and the bloom times vary starting in spring, with some blooming as late as late summer. You will find them growing naturally in forested areas near streams and rivers; and can see them in natural settings, as well as managed landscapes. Learn more about these Southern favorite additions to your garden and where you can obtain them.

Permission is granted for you to make duplicate copies of the schedule and Registration Form. The registration fee of \$25.00 includes lunch, refreshments, and handouts. Your check made payable to Pensacola Federation of Garden Clubs (PFGC) must be enclosed with the registration form and received NO LATER THAN February 6, 2020. Seating is limited; only the first 120 paid registrations will be accepted. The Registration form can be found at Pensacolagardencenter.com.
